BWCI Training Scheme Launched

As part of BWCI's 40th Anniversary initiatives, we are delighted to announce that we are launching a bespoke training scheme for A level students and graduates.

The two year structured training programme provides the opportunity for four 6-month placements in different business areas within BWCI. There will be a choice of placements available, which will include working within our actuarial and administration teams, as well as the chance to choose other business areas, such as Island Global Research.

BWCI's Senior HR Manager, Alison Hawkins, said: "Deciding on a career path after leaving school or university can be a difficult decision. We recognise that moving into the world of full time work after many years in education is a significant step. With this in mind we have developed a new training scheme."

The trainee scheme is open to both A level students and graduates with a good grade in A level maths, or equivalent and a suitable work permit. Further details are available by emailing:

Notes for Editors

BWCI Group

The BWCI Group was established in 1979. It is an independent consultancy and is the largest group of actuaries, consultants, insurance and pensions specialists in the Channel Islands.

The Group provides a broad range of employee benefits, investment and insurance services to clients based in the Channel Islands, the UK and internationally. The BWCI Group employs over 120 staff in its offices in Guernsey and Jersey. BWCI is the Channel Islands member of Abelica Global, the international network of actuaries and consultants.
