Luke Richards

BWCI's new actuary

We are delighted to announce that Luke Richards, an assistant manager in our investment team, has passed all of the exams required to qualify as an actuary.

Luke joined BWCI in 2014 after completing a post graduate diploma in actuarial science from the University of Southampton. He also has a degree in mathematics from the University of Portsmouth.

As well as working in BWCI's investment team, Luke has also spent some time working as a member of our pensions actuarial team.

Luke's qualification will bring the total number of actuaries at BWCI to 17, over 70% of whom have completed their actuarial studies through our in-house training programme.

Luke said: "Studying for the actuarial exams has given me the skill set required to develop further within my role at BWCI."

BWCI's study coordinator Matt Stanbury, said: "The actuarial exams are particularly challenging as they cover a wide range of skills and we congratulate Luke on his achievements".
