

New Head of Business Management - Claire du Feu

We are delighted to announce the appointment of Claire Du Feu as the Head of Business Management within our fiduciary business.

Focusing on driving customer-centric culture in organisations, Claire has had a successful leadership career in financial services for over 30 years. She has covered a broad range of roles including front line relationship management, international sales, communications, operations and latterly product development in the offshore pension industry. She has worked in the UK, USA, France and Guernsey.

She has previously been a director of a Guernsey pension fiduciary and administration business and has built successful teams of high performing individuals.

With a focus on delivery and technical excellence, Claire joins BWCI to drive its continued growth and ensure its operational and regulatory compliance in the age of secondary pensions.

Claire has been a member of the committee of the Guernsey Association of Pension Providers.

BWCI Partner and CEO of our fiduciary business, Michael McKay said: "I am delighted to welcome Claire to the BWCI Group, and am confident her wide ranging experience will be a great asset to BWCI as we continue to develop our business".
